Welcome to the Blue Water Section

This Section was set up to support CA members who have sailed away from the UK and Europe. As can be appreciated, the Section covers a vast area of the world where members are experiencing first-hand the changes to clearing in and out procedures of many countries and have knowledge of all manner of facilities and current local advice, as well as many cruising reports on CAptain's Mate. Join us to help enhance other members' sailing experiences.

The Blue Water Area

Our members sail all over the world, from crossing the Atlantic to America, to places as far-flung as Alaska, Australia and Antarctica, plus all places in between. Twenty CA yachts are due to cross the Atlantic during the 2026/2027 season, either independently or on a rally.

Being Part of Our Section

Will give you contact with others who have 'been-there-done-that', enabling you to access their first-hand experiences via the Blue Water Forum. Enjoy sailing in company with other members in your area (if you want to), use our worldwide discounts and get local help from our representatives abroad. We run Blue Water email contact groups and WhatsApp communities for a variety of activities e.g. members making their way towards the Canaries or Cape Verde for their Atlantic Crossing/ Panama Transit etc., as well as various areas such as the Caribbean/USA. East Coast / Pacific Ocean! Join us & join in.

Join Us!
