Channel

We Offer:

- Talks and presentations
- Newsletters
- Honorary Local Representatives (HLRs)
- Social events & rallies
- Channel cruising information
- Channel Forum

Welcome to the Channel Section

The Channel Section covers cruising waters of France from Calais to the Brest peninsula, the south coast of England, and the Channel Islands. These areas include many miles of varied, interesting, exciting and sometimes challenging cruising.

Our goals are to mutually aid members to take best advantage of this area by providing information through the CA website, CAptain's Mate (our cruising information app providing reports for members from members), advice via the Channel Forum, seminars, webinars and rallies to bring members together.

Particular challenges in recent years have been influencing and documenting the new processes needed for cruising between the UK and France, especially for long periods, but CA members have played an active part and the Channel Section has actively assisted members over the various hurdles.

Forthcoming Events

Channel Seminars & Webinars

For 2027 we plan two one-day seminars, the first being the Annual Channel Seminar and the second for those who have not crossed the Channel from the UK before.
This Channel Section seminar is for those interested in cruising in the Channel area covering a wide range of topics related to this cruising area and cruising generally.
The First Channel Crossing Seminar will provide information invaluable to those considering their first crossing; covering the areas to visit, boat equipment and preparation, the crossing itself and cruising France and the Channel Islands.
The dates for these two events are **Saturday 30th January** and **Sunday 31st January**.
There will also be a number of webinars available for members to view - noting that many recordings of past webinars remain popular with members. Further details are on the CA web and booking is open to CA members and non-members.

Rally details for 2027 have yet to be announced.
