

LOBSTER POT CAMPAIGN

SEE IT. REPORT IT. MAKE A DIFFERENCE.

Poorly marked static fishing gear puts boats and lives at risk.

Poorly marked lobster pots and creels are hard to spot and can cause serious damage. Voluntary guidance alone is not enough.

Mandatory, enforceable standards are needed.

REPORT TO THE RYA

Entanglement experienced

Entanglement witnessed

Poorly marked static gear

EVERY REPORT COUNTS

Every report builds the evidence for change and helps identify high risk areas.
